

Accessory Name - GRAB RAIL

Model – BSA GOLDSTAR 650

Genuine Motorcycle Accessory Fitment Instructions

WARNING: BSA genuine accessories are designed to fit only the specific BSA motorcycle(s) that are specified above. They should not be fitted to any other type of motorcycle. Pay particular attention to the warnings & cautions contained in this instruction. Failure to do so may result in an incorrect installation of the accessory which could result in an unsafe riding condition and possible accident. If any doubt always seek help from your authorised BSA dealer.

WARNING: Before starting any accessory kit installation ensure the motorcycle is supported in a stable condition. Failure to support the motorcycle correctly could lead to motorcycle damage or personal injury.

WARNING: All fixings must be tightened to the torque values specified in this instruction. Failure to tighten fixings to correct torque could result in an unsafe riding condition and possible accident

CAUTION: Care should be taken when fitting any accessory kit. Incorrect handling of kit components or the use of incorrect tools could lead to component or motorcycle damage.

NOTE: The content of this instruction is subject to change at any time without notice or liability. BSA reserves the right to revise the information presented at any time.

T14000B10480N - GRAB RAIL
