FABCYCLE

FABCYCLE is a convenient pick-up service of **Fabric Waste** (scraps, offcuts, rolls, samples, swatches etc) from local garment manufacturers, fashion designers and fashion design schools.

We don't just recycle the fabric, our primary goal is to find innovative solutions to DIVERT textile waste from the landfill by engaging our community, connecting with the industry and working with national and international partners.

VANCOUVER SUSTAINABLE FASHION DESIGNERS (VSFD)

VSFD group connects fashion designers that practice sustainability and are looking to collaborate, share resources, spark creativity, empower and support one another.

Since September 2017, we've been running events every 2 months at various prominent locations in Vancouver with guest speakers and a Give n' Take session to enable active resource sharing between our designers..

We're planning on growing the group into a registered association in 2019.
